BOND STREET

THE PIPE TOBACCO THAT STAYS LIT

Bond Street keeps burning because of its old English cut—a combination of flakes for even burning, and cubes for slower burning. You'll like its aroma of fine domestic and imported tobaccos, too.

A word to novice pipe smokers

Don't overwork your new pipe. Fill it half full for the first few smokes. Then let your pipe cool off. If you try to take it apart when it's hot—it can easily break.

A philosopher without a pipe is like a gossip without a tongue.
